## Food Vendor Notification

### For All Shows, especially at the Plano Centre

As a food vendor, you know you are in a special category which, in most locals, requires licensing or permitting by local health authorities. While we understand that you are independent business people, failure to comply with local requirements has a direct impact on the Seasons Events shows.

In an effort to clearly state the position of Seasons Events on this issue, please carefully read the following:

1. In all venues in which Seasons Events operates and especially the Plano Centre, a health license/permit is required of **any and all** food vendors. If you sell, sample or in any way distribute **any** edible product, in **any** form, pre-packaged or not, it is strongly suggested you contact the local health authority for an understanding of and compliance to their requirements.
2. Most health departments require that the license/permit be obtained a certain length of time prior to the show. For this reason, food vendors for the Plano Centre location will not be accepted into the show for two (2) weeks prior to the deadline for the show. This will allow adequate time for the Plano Environmental Health Department to issue your license/permit.
3. In the event, the local authorities find that you are not in compliance with local licensing/permitting requirements, you may be asked to leave the show and/or suffer other consequences. Seasons Events will **NOT** refund any fees paid.
4. Seasons Events will not bear any responsibility for any fees, fines or consequences resulting from a vendor failure to be in compliance with any and all requirements of local health authorities, especially the Plano Environmental Health Department.

Below is the information for the Plano and Waxahachie Health Departments:

I have read and understand all of the above. Seasons Events shall be free of any liability arising from my failure to be in compliance with local Health Department requirements and licensing/permitting regulations.
